
Brookfield students achieve outstanding GCSE results – August 2023

Students at Brookfield Community School have today received their GCSE examination results and have once again performed very impressively. Almost 60% of students achieved a 'strong pass' (grade 5 or above) in both Maths and English, while 80% achieved a standard pass (grade 4 and above) in both. 20% of students achieved grade 7 or above in both English and Maths. Results at Brookfield, which is part of Redhill Academy Trust, have improved significantly since 2019. The Attainment 8 measure, which shows the average grade every student received in all subjects, is 5.4 (from 4.7 in 2019).

Headteacher, Keith Hirst, stated: 'This year the national standard for GCSE and Level 2 qualifications has returned to pre-Covid (2019) levels. It is therefore enormously pleasing for Brookfield students to perform so impressively. To achieve a level of performance in line with our outstanding 2022 results – and well beyond that in 2019 – is a reflection of the hard work and determination of everyone involved.'

We are extremely proud of all students who have worked so hard over the past 5 year to achieve such impressive results.'

There are many examples of excellent individual performance. These include Isla Hardwick who achieved nine Grade 9s and Erin Cain who achieved seven Grade 9s. Cavan Liaw achieved eight Grade 9s and two Grade 8s. Imogen Bownes achieved eight Grade 9s and two Grade 8s. Congratulations to all students receiving their results today for their fantastic commitment and hard work.
